

# Welcome To Medville Healthcare

---

## Introduction:-

- Medville Healthcare is fast growing pharmaceutical company. We have a range of cost-effective products benefiting the Masses. We are committed to distinctive quality and unparalleled customer satisfaction with Unmatched Service in all aspects of the business. We believe that the journey to explore the unknown never ends therefore, our dreams are bigger, our ambitions are higher & our efforts are sincere and precise to achieve our goal with our team of Head Office and Field staff stationed at various HQ. we have collaborations with certified pharmaceutical manufacturing plants. where they have the setup of a Sophisticated Laboratory conforming to industry standards.
- Medville Healthcare has been built on the fundamental principles of care. Caring for Life and its safeguard has always been and continues to remain our guiding foundation at the heart and in the soul. Driven by the same purpose, we are committed to making sure treatment is available globally at affordable rates. At Medville Healthcare, we continue working on ensuring access to high-quality and reasonable medicines to support patients in need.

## Top Quality:-

Reckoned to be a quality-oriented firm, we are engaged in offering quality medicines. Our endeavors are to offer the best medicines in the market and our team works tirelessly, in order to achieve the same. We source these medicines from reliable vendors only after checking their past work record. At Medville Healthcare Total Quality Management is not just a claim but also a way of life at each and every stage.

We ensure conformity to GMP and International quality standards and this assurance extends far beyond the normative requirements. At Medville Healthcare, If there is one core attribute to which we attach the highest priority, and on which we will not compromise, it is Quality. We believe “Quality cannot be tested on the product but it should be built into it”. At Medville Healthcare, we work towards continuous improvement of our Quality Management System (QMS) and all its elements.

We follow global quality standards at Medville Healthcare. We ensure its implementation across different functions, including development, quality and technical operations and further extends far beyond the normative requirements.
